

## 2024 Forestry Summer Student Opportunities - Silviculture

We are currently recruiting summer students for the 2024 season in our forestry operations in Dryden, Ontario and Ear Falls, Ontario. Employment opportunities are generally 4 months in duration for the summer term. A progressive community set between Winnipeg and Thunder Bay, Dryden offers excellent camping, fishing, and outdoor activities.

### Responsibilities

Silviculture Summer Students support the renewal and tending programs through field surveys, tree planting inspections, and through monitoring of forest regeneration. Candidates should be self-motivated, physically capable, and able to work in inclement weather, as a team and/or independently in remote areas. Your responsibilities will include:

- monitoring silviculture contractors (tree plant/site preparation operations/tending) performance around safety and quality
- conducting site reconnaissance; preparing pre-work for renewal work; verifying contractor payment and compliance
- conducting various regeneration surveys (FTG, exceptions monitoring, and stand tending)
- assisting with the planning of various silviculture projects (i.e. aerial chemical tending or slash pile burn projects)
- collect data using Survey 123 or Avenza Maps
- miscellaneous duties such as road inspections, water crossing monitoring and other forestry related duties.

### Qualifications

- Students in all years of BSc. Forestry or Environmental Programs or Technical Diplomas will be considered.
- Previous experience in silviculture, field surveying (FTG, regeneration survey, FRI cruising) contractor supervision, surveying, harvesting or road construction experience would be an asset.
- Must be able to work in a forest environment independently or with a team in remote locations.
- Must have a valid G driver's license and a valid First Aid certificate.

### Compensation

A competitive salary is offered, as well as a limited travel allowance and living allowance if applicable.
