

JOB POSTING - Two Crew Leaders for Silviculture Surveys

LENGTH - 6 months or Full-Time

LOCATIONS - Interior (Kelowna) or Coastal (Campbell River)

Primary Job Duties:

- Crew leader of 2-4 person silviculture crews for field and office work
- Manage, plan, and organize Silviculture Contracts from start to project completion
- Communicate with the Project Manager and client to ensure technically sound deliverables that achieve production schedules
- Drone operations including flying, flight and safety planning, and imagery / data analysis
- Creating orthomosaic maps and 3D models from drone imagery and extracting data in GIS
- Responsible for writing and reviewing assessments for forest management, wildfire management, mining, environmental assessments and GIS mapping

Desired Qualifications:

- 3+ years of Silviculture Surveying in BC with previous crew supervision
- Must be an Accredited Silviculture Surveyor (SAS). RFT or RPF also desirable.
- Be extremely knowledgeable with BC silviculture systems for both field work and developing office packages with strong recommendations
- Advanced skills with SNAP, PDF Avenza, ArcMap or QGIS, Pix4D
- Be in good physical condition and have high endurance. Must enjoy working outdoors in rugged terrain and be able to handle long days
- Enjoy working with new technology. Previous drone experience preferred or excited to learn
- Strong communication and problem-solving skills in team settings
- Positive attitude and strong work ethic with a focus on safety
- Class 5 Drivers License for BC, ATV Training or Experience, First Aid, S100 Wildfire Course
