

# Now Hiring Intermediate/Senior Biologist

Who  
WE are

**Silvicon Services Inc.** is a well-established and successful forest management consulting firm. Our experienced and highly motivated forest management team has provided high-quality, professional, and technical woodlands services to forest licensees, indigenous groups, government agencies, and individuals in British Columbia and Alberta since 1980. We are in the early stages of expanding our biology sector, focusing on fisheries assessments and wildlife surveys to build a strong foundation for applied biology work.

Where  
WE are

**Welcome to the beautiful town of Smithers!**

Smithers is a small vibrant mountain town of five thousand people located in northern BC. With hiking, fishing, skiing, mountain biking, golfing, farmer's markets, music festivals, and two local breweries, you'll have no problem enjoying the community on your days off.

Who  
YOU are

**Join our team if you're a self-motivated, physically fit, and adaptable individual with a passion for outdoor work.** You thrive in a team environment, bring a strong work ethic and a great sense of humor, and are eager to learn and grow your natural resource career. If you're open to new challenges and excited about gaining hands-on biology experience with opportunities for greater responsibility, we want to hear from you!

What  
to EXPECT

- Career development opportunities
- Open to developing and keep growing our new biology department
- To be involved with GIS department
- Provide junior staff with mentorship
- Comprehensive benefit package
- RRSP contributions after 3 years of employment
- An uplifting and diverse work environment
- Dog-friendly!
