

# BECOME A NESTigator!

A COMMUNITY-BASED NEST MONITORING STUDY  
IN METRO VANCOUVER | SPRING & SUMMER 2025

We are looking for research participants to take part in an innovative study that involves observing bird nests while also exploring the social impacts of bird monitoring using interviews and questionnaires.

- Contribute to meaningful conservation efforts.
- Gain valuable knowledge about bird biodiversity in cities.
- Connect with nature and join a like-minded community.
- No experience needed and flexible hours.

## APPLY NOW!

Scan the QR code or send an email  
to one of the addresses below.  
(deadline: March 30 2025)

Principal Investigator: Kai Chan  
Co-Investigator: Sam Blackwell
